\*This summary is incomplete in that reports from all stations are not included. Only larger stations or stations representative of a geographical area are included. Fluctuations in strength at some stations or in some areas may be the result of not having received all reports from those stations or areas at the time this summary is published.

Note: - One (1) case cerebrospinal meningitis reported from Ft. Bragg, N. C. week of November 15.  
One (1) case cerebrospinal meningitis reported from Ft. Geo. G. Meade, Md., week of November 15.
